-  Flexibility
-  Mixture
-  Cardio
-  Strength
-  Special Populations

All classes are 55 minutes unless otherwise noted

Class Descriptions

<p>Circuit Training</p> <p>A cardio/strength based class incorporating stations with timed intervals of strength or cardio work. Higher intensity moves are used.</p>	<p>HIIT</p> <p>High Intensity Interval Training - A heart pumping, sweat-filled class of intense cardio and/or sculpt intervals. Low impact levels shown.</p>
<p>Pilates</p> <p>Mat based class that focuses on the core to build strength, endurance and flexibility.</p>	<p>Step</p> <p>Simple and fun step routines that will get your heart pumping</p>
<p>Stretch and Strengthen</p> <p>Increase your range of motion, strength and balance in this class focusing on stretching and either sculpting or balancing work.</p>	<p>Cardio Sculpt</p> <p>High energy cardio class combining athletic aerobic movements with strength building exercises using weights, bands and/or a ball.</p>
<p>Gentle Yoga/Yoga</p> <p>Postures combined with breathing techniques to help build strength, flexibility, and mindfulness.</p>	<p>Step and Sculpt</p> <p>An energizing cardio step class that includes upper body sculpting.</p>
<p>PiYO</p> <p>Fluid fusion of Pilates and Yoga to improve flexibility and strength, as well as relaxation.</p>	<p>Gentle Chair Stretch</p> <p>Seated stretching class. A great class for those just starting a new exercise routine or recovering from a recent injury.</p>
<p>FIRE</p> <p>Fire up your balance and flexibility, using the body bar, light weights, ball, step, and/or band. Levels shown for beginner, intermediate, and advanced.</p>	<p>Forever Fit</p> <p>A fun-filled, throwback-music chair class, with optional standing aerobic and balance work. Use light weights, Spri ball, and bands to sculpt and enjoy a seated stretch at the end.</p>
<p>Body Sculpt</p> <p>Uses various equipment to sculpt major muscle groups.</p>	
<p>Cardio & Stretch</p> <p>Similar to stretch & strengthen, but with a cardio section that can be adjusted for low impact.</p>
